How: By reading a hand selected book each month and diving into its themes and ideas

The **Audubon Book Club** is lead by Kyle Hutchinson, a second-grade teacher here at Audubon. This is a great opportunity for students to get into a fantastic variety of hand-picked literature and important themes for children who both love to read and children who are still searching for the right books to snag their interests. Our hand selected books are all chapter books ranging from 150 pages to over 300 pages. Each month will have a selected book to focus on and activities and strategies associated with that book. Book Club will meet Mondays from 3:30-4:30pm in room no. 120 (Mr. Hutchinson's classroom).
